Dear Sir or Madam:

Client (Client) is the owners of copyrights and other proprietary rights in numerous software properties, including but not limited to **Infringing Material (Client Material)**.

It has come to our attention that **ISP** is the service provider for the IP address listed below, from which unauthorized copying and distribution (downloading, uploading, file serving, file "swapping" or other similar activities) of **Client** is taking place. We believe that the Internet access of the user engaging in this infringement is provided by **ISP** or a downstream service provider who purchases this connectivity from **ISP**.

This unauthorized copying and distribution constitutes copyright infringement under Section 106 of the U.S. Copyright Act. Depending upon the type of service **ISP** is providing to this IP address, it may have legal and/or equitable liability if it does not expeditiously remove or disable access to the property(s) listed below, or if it fails to implement a policy that provides for termination of subscribers who are repeat infringers (see, 17 U.S.C. sec.512).

Despite the above, **Client** believes that the entire Internet community benefits when these matters are resolved cooperatively. We urge you to take immediate action to stop this infringing activity and immediately inform us of the results of your actions. We appreciate your efforts toward this common goal.

The undersigned has a good faith belief that use of the property(s) in the manner described herein is not authorized by **Client**, its agents or the law. The information contained in this notification is accurate. Under penalty of perjury, the undersigned is authorized to act on behalf of **Client** with respect to this matter.

Please send us a prompt response indicating the actions you have taken to resolve this matter, making sure to reference the Notice ID number above in your response. <mailto:client@copyright-compliance.com?subject=RE Notice ID 999997999999999 Copyright Infringement>
